MONTANA FISH, WILDLIFE AND PARKS 1996 LANDS INVENTORY

INTRODUCTION

The Montana Department of Fish, Wildlife and Parks owns and manages lands valued by anglers, hunters, sightseers and other recreationists, both from Montana and throughout the United States.

The Department has secured interest in key properties in order to provide public access to lakes, streams, and rivers, to preserve Montana's natural resources, and to provide important wildlife habitat. These properties offer numerous recreational opportunities to the public.

The Lands Inventory has been produced every two years since 1956 to furnish detailed information about all lands owned and managed by the Department. Information on nearly 2000 files continues to become more accurate through an on-going project of review, update and entry into the Lands database. In addition, programs have been developed to facilitate the easy recall of data and to produce specialized reports about the Department lands.

Site information in this book is grouped by Regions 1 - 7, and Region 9; the Region 9 section includes only those sites directly controlled by Headquarters. Sites are listed alphabetically within each region. Each site listing includes a subtotal of site acreage. A regional total of acres and costs is included at the end of each region's section. State-wide totals may be found in the appendices.

The Lands Inventory includes a number of added features and appendices. A site/region index is included to facilitate location of site information within the main body of the Inventory. A list of sites in order of township, range and section is also provided. (Many sites are in more than one township and range, and include more than one section; these sites will, therefore, show up in this index more than once.) More detailed information and complete site legal descriptions are available from the Land Section.

This land book is deemed to be accurate based on the information currently available to us. The Land Section can't warrant its absolute validity. Some of the figures in this book may be approximations. We have included a form on the last page with which you may submit suggested corrections or changes for the next publication. Because of the expense involved in the publication of the land book, only 60 copies will be made. If you would like to print extra copies, please send two 3.5 inch high density diskettes with your request to the Land Section. We will copy the entire land book in WordPerfect 6.1 format.

It is our hope that you will find this book easy to read and follow. Should you have any questions, please contact the Land Section at 444-4063.

ADMINISTRATION

MONTANA FISH, WILDLIFE AND PARKS COMMISSION

Stan Meyer, Chairman
David W. Simpson, Vice Chairman
Darlyne Dascher
Charles R. Decker
Dale Tash

DIRECTOR - Patrick J. Graham

CHIEF, FIELD OPERATIONS - Robert R. Martinka

DIVISION ADMINISTRATORS

Administration and Finance - Dave Mott
Conservation Education - Ron Aasheim
Enforcement - Beate Galda
Field Services - Jerry Wells
Fisheries - Larry Peterman
Parks - Arnold Olsen
Wildlife - Don Childress

REGIONAL SUPERVISORS

MONTANA FISH, WILDLIFE & PARKS
1996 LANDS INVENTORY

DEFINITION OF TERMS

TYPE - Site type as shown by the following abbreviations:

General & Administrative:

Regional Headquarters & Field Offices ADM
Enforcement Field Office ADM/E
Fisheries Field Office ADM/F
Wildlife Field Office ADM/W
Affiliated Lands/Fisheries AFL/F
Affiliated Lands/Parks AFL/P
Affiliated Lands/Wildlife AFL/W

Fisheries Division:

Boat Camp BC
Fishing Access Area FAA
Fishing Access Site FAS
Fisheries Greenway FGRN
Hatchery HTC
Fish Trap FT

Wildlife Division:

Wildlife Management Area WMA
Wildlife Habitat Protection Area WHPA
Hunter Access Area HAA

Parks Division:

State Park SP
Recreation Corridor RC/***

*** The presence of "RC/" preceding one of the above categories indicates a site located within the confines of a river recreation corridor, maintained or managed by the Parks Division.

FILE # - Number used by the Land Unit, referring to each document within a given site. The first four numbers are assigned to the site; the number directly following the "." categorizes the agreement.

All file numbers which include:

- | | | |
|-----|-----|--|
| .1 | are | Fee Acquisitions |
| .2 | are | Land-in (Agreements, Easements, & Leases to the Department) |
| .3 | are | Conservation Easements |
| .4 | are | Land Use Exchanges |
| .5 | are | Sales or Disposals |
| .6 | are | Easements Granted |
| | | (a) Utilities |
| | | (b) Highway and Road Easements |
| | | (c) Other |
| .7 | are | Leases-Out |
| | | (a) Oil, Gas or Mineral |
| | | (b) Grazing |
| | | (c) Timber |
| | | (d) Crop |
| | | (e) Other |
| .8 | are | Miscellaneous Files (related correspondence, litigation, etc.) |
| .9 | are | Files which include Reservations or Reverters. |
| .10 | are | Special Management Agreements |

COUNTY - The county in which the site is located. See "County Listing" for corresponding numbers.

TOWNSHIP - The site location in a Northerly or Southerly direction from the base line.

MONTANA FISH, WILDLIFE & PARKS
1996 LANDS INVENTORY

DEFINITION OF TERMS, CONTINUED...

RANGE - The site location in an Easterly or Westerly direction from the Montana Principal Meridian.

WATERBODY - A significant body of water which borders or passes through the site.

GRANTOR/GRANTEE - The Seller/Buyer, Lessor/Lessee involved in the transaction with the Department.

ACRES OWNED - Acres owned in fee title by the Department.

PURCHASE COST - The cost to the Department for the purchase.

DATE ACQUIRED - Date of execution of the document.

EASEMENT/LEASE ACRES - Number of acres leased or managed by the Department under an agreement, number of acres leased out by the Department, or number of acres encumbered under Conservation Easement.

EASEMENT/LEASE COST - Amount paid yearly for lease, or, in the case of single-payment easements, total cost.

EASEMENT/LEASE DATE - Date current renewal of lease was executed, or execution date of r/w easement or conservation easement on site.

EXPIRATION DATE - Lease expiration date. (YYYYMMDD)

TERM - Number of years leased, or Perpetual.

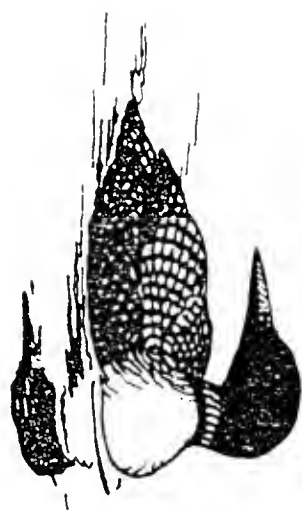

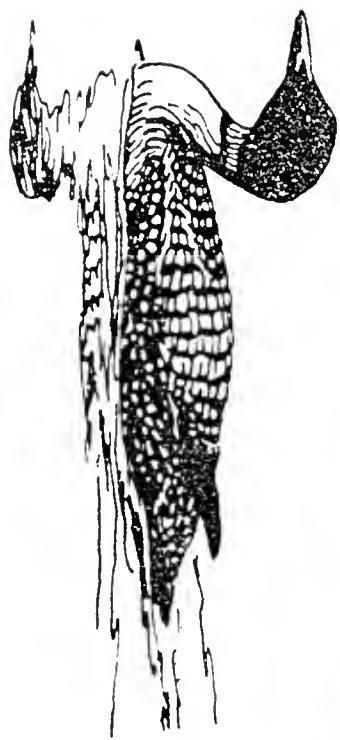

ACRES SOLD - Number of acres traded or sold.

AMOUNT RECEIVED - Amount Department received for acres sold or leased out.

DATE SOLD - Date Department sold the property.

MONTANA FISHES, WILDLIFE AND PARKS
1996 LANDS INVENTORY

TAX PAYMENTS MADE BY
THE DEPARTMENT OF FISH, WILDLIFE AND PARKS

In accordance with state law 87-1-603 MCA, the Department of Fish, Wildlife and Parks is required to make payments to counties on all of the land it owns, except for bird farms, hatcheries, park sites, or land in counties in which the Department owns less than 100 acres.

The Department has been required to make these payments since 1951. Original legislation was enacted at that time because it was felt that the lands owned by FWP were not of benefit to the general public, but rather to sportsmen only. Therefore, the Department was required to make the payments in order to minimize the impact of Fish, Wildlife & Parks' land ownership.

Since 1953, this statute has required that these payments be made "in a sum equal to the amount of taxes which would be payable on county assessment of the property were it taxable to a private citizen."¹ The methods used by the counties to determine the value of the property, and the tax rates and the mill levies applied, are identical to those used to assess private landowners. The money is used by the counties for schools, roads, fire protection, weed control, soil and water conservation, and administrative purposes. Rural and special improvement districts charges are also paid.

For those lands supported by license dollars, these payments are made indirectly by sportsmen through the purchase of hunting and fishing licenses. Although hatcheries, bird farms, and park lands are considered exempt from taxes, payments are made on assessments for rural and special improvement districts and other county services not considered taxes. Payments on park sites are made with coal tax dollars.

From 1951 to 1996, the Montana Fish, Wildlife and Parks has paid close to four million dollars to counties. Today, the Department makes payments on more than 244,000 acres of land in thirty-seven counties. In 1995, more than \$290,000.00 in payments were made to Montana counties. Payments that year ranged from \$10.78 to Mineral County, up to \$45,907.88 made to Gallatin County.

The following table shows the tax payments made by the Department for the past ten years.
